

F-1 MIX™

F-1 MIX™ is specially designed to take turf out of a dull stage, giving it color and energy. F-1 MIX™ is very effective when applied directly after a granular application. When used in regular program F-1 MIX™ will leave your turf with sufficient levels of Iron, Magnesium and Manganese.

Giving your turf healthy color and your turf will requiring less nitrogen when usign F-1 MIX™ regularly.

STORAGE

Keep container sealed tightly when not in use. Do not expose to sunlight for long periods of time. Store in temperatures between 5 C (41 F) and 25 C (77 F).

Dispose of Waste Material according to local, state, and Federal environmental laws and regulations.

MIXING INSTRUCTIONS

F-1 MIX™ is compatible with most fungicides, pesticides however a jar compatibility test is recommended for before tank mixing.

Follow this mixing sequence:

1. Water
2. F-1
3. Pesticides
4. Fertilizers

DISCLAIMER

It is recommended not to use this product with fungicides or pesticides. However, if applied with a fungicide or pesticide, it is the user's responsibility to conduct a trial application on the crop(s) to be sprayed with this mix of chemicals to determine compatibility of products and compatibility with crop(s) sprayed. Harmful if swallowed. Avoid contact with eyes, skin, and clothing. If on skin, wash with large amounts of soap and water. If in eyes, rinse repeatedly with clean water. If irritation persists, obtain medical attention.

*Ingestion: If patient is conscious, give large quantities of water. Do not induce vomiting. Call physician.
