

EXCELTM

All Purpose Spray Adjuvant And Compatibility Agent

FOR COMMERCIAL USE ONLY

Why Do I need EXCEL?
 With chemical use on the rise along with chemical prices, Farmers and other users of spray material are turning to wetting agents or wetter/stickers for mixing in their spray tanks. EXCEL is a multi-purpose adjuvant and compatibility agent designed to increase the performance and effectiveness of foliar fertilizer, herbicides, insecticides, or other chemicals. It delivers better wetting, sticking, and absorption of spray material. EXCEL works to break down water size (DYNIES) giving a more even spray layer and reducing water droplet formations on the leaf (This will reduce the chances of prism burn from water droplet formations on leaves)
Storage: Keep container sealed tightly when not in use. Do not expose to sunlight for long periods of time.
 Store in temperatures between 5 C (41 F) and 25 C (77 F).

Dispose of Waste Material according to local, state, and Federal environmental laws and regulations.

GUARANTEED ANALYSIS:

Linear Alcohol Alkoxylates.....80%
 Other Ingredients.....20%

Derived from: Non-Ionic Surfactants
 F001142

DIRECTIONS FOR USE:

Foliar applications..... 1/4 pt per acre Herbicides 1/4 pt per acre Insecticides 1/4 pt per acre Defoliant 1/4 pt per acre Tank Mixes 1 pint per 200 gls of solution
--

EXCEL should be added to the spray tank last, after the water, to reduce foaming.

SUGGESTION:

EXCEL increases the effectiveness of herbicides and insecticides.

We suggest you consider reducing the amounts of these materials to avoid excessive activity.

***Highly concentrated DO NOT over apply. *** To ensure compatibility with foreign spray mixes, a jar compatibility test is recommended before mixing with other products other than water in the tank. Always fill tank with water first, then begin applying CROPMASTER products while tank is circulating.
 "NEVER MIX CONCENTRATES DIRECTLY TOGETHER "

Net Contents: Size / Weight
 2.5 US Gallons / 20.65 lbs. 5 US Gallons / 41.3 lbs.

PRECAUTIONS

Avoid getting in eyes or on skin. The use of safety glasses and gloves is recommended. Harmful if swallowed. Avoid contact with eyes, skin, and clothing. If on skin, remove contaminated clothing. Wash with large amounts of soap and water. If in eyes, rinse repeatedly with clean water for 15 minutes. If irritation persists, obtain medical attention. See MSDS for further information.

DISCLAIMER

It is recommended not to use this product with fungicides or pesticides. However, if applied with a fungicide or pesticide, it is the users responsibility to conduct a trial application on the crop(s) to be sprayed with this mix of chemicals to determine compatibility of products and compatibility with crop(s) sprayed. When mixing with other spray materials a jar compatibility test is recommended.

CONDITIONS OF SALE

UAS of America Inc. warrants that this product conforms to the chemical description on the label thereof and is reasonably fit for purposes stated on the label when used in accordance with directions under normal use conditions. Crop Injury, product use ineffectiveness, or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of UAS of America Inc. In no case shall UAS of America Inc. or it's be liable for consequential, special or indirect damages resulting from the use, handling, or shipping of this product. All such risk shall be assumed by the buyer /end user. UAS of America Inc. makes no warranties of merchantability or fitness for a particular purpose nor any other express or implied warranty except as stated above.

CAUTION: KEEP OUT OF REACH OF CHILDREN
