

GUARANTEED ANALYSIS:

Magnesium as (Mg)	1.70%
Sulfur as (S)	4.00%
Iron as (Fe)	3.50%
Manganese as (Mn)	0.75%
Zinc as (Zn)	0.75%

Derived from: Magnesium Sulfate, Iron Sulfate, Manganese Sulfate, Zinc Sulfate.
Also Contains Non-Plant Food Ingredients:
7% Lignosulfonate from lignosulfonic acid as the complexing agent.

DIRECTIONS FOR USE:

Ornamental & Young Plants: Mix 2 teaspoons Micro Boost OR with 1 gallon of water. Moisten both sides of the leaves only to the point of run-off. Use misting spray bottle to apply. Use every 7-10 days or as needed.

Gardens, Young Trees & Hardy Plants: Mix 1 tablespoon Micro Boost OR to each 1 gallon of water. Moisten both sides of the leaves only to the point of run-off. Use misting spray bottle or pump up sprayer to apply. Use every 10-14 days or as needed.

Lawns: Apply 1 quart per 10,000 sq. ft. with hose end. Set dial on 2oz/Gal. Apply before or after each fertilization. Use only 1-2 times per season.

Hardy Trees: Mix 1/2 to 1 oz Micro Boost OR to each 1 gallon of water. Moisten both sides of the leaves only to the point of run-off. Use misting spray bottle or pump up sprayer to apply.

AGRICULTURE: Apply 1-2 pt for ROW CROPS to 2-3 qt. for FRUIT TREES of Micro Boost OR with sufficient water to cover per acre. Moisten both sides of the leaves only to the point of run-off. Repeat as indicated visually or by leaf tissue test, or as part of a regular maintenance foliar feed program.

DO NOT over apply. To ensure compatibility with foreign spray mixes, a jar compatibility test is recommended before mixing with other products other than water in the tank. Always fill tank with water first, then begin applying CROPMASTER products while tank is circulating.

NEVER MIX CONCENTRATES DIRECTLY TOGETHER

Micro Boost OR[®]

For Use in Organic Production

DISCLAIMER

It is recommended not to use this product with fungicides or pesticides. However, if applied with a fungicide or pesticide, it is the users responsibility to conduct a trial application on the crop(s) to be sprayed with this mix of chemicals to determine compatibility of products and compatibility with crop(s) sprayed. When mixing with other spray materials a jar compatibility test is recommended.

CONDITIONS OF SALE

UAS of America Inc. warrants that this product conforms to the chemical description on the label thereof and is reasonably fit for purposes stated on the label when used in accordance with directions under normal use conditions. Crop Injury, product use ineffectiveness, or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of UAS of America Inc. In no case shall UAS of America Inc. or it's be liable for consequential, special or indirect damages resulting from the use, handling, or shipping of this product. All such risk shall be assumed by the buyer/end user. UAS of America Inc. makes no warranties of merchantability or fitness for a particular purpose nor any other express or implied warranty except as stated above.

KEEP OUT OF REACH OF CHILDREN

UNITED AGRICULTURAL SERVICES researches, manufactures, and markets one of the largest lines of high-quality biological organic/natural/sustainable fertilizers, foliar nutrients, and natural biodegradable soil conditioners. These products include plant nutrients, liquid soil modifiers, humic acids, seaweed, fish emulsion, nitrogen-fixing bacteria, beneficial fungi, and many other environmentally safe products. The hot-mixed, homogenized CROPMASTER PLANT NUTRIENTS are liquid fertilizer NPK products made from high-quality materials. These ingredients are food-grade purity or higher. CROPMASTER products contain no salt filler or murate of potash. They also contain no chlorine. We also supply Organic NPK/Soil products and micro-nutrients.
 Storage: Keep container sealed tightly when not in use. Do not expose to sunlight for long periods of time.
 Store in temperatures between 5 C (41 F) and 25 C (77 F).
